List of Acronyms

- 1. UNBS – Uganda National Bureau of Standards**
- 2. EAC – East African Community**
- 3. ARSO – African Standardization Organization**
- 4. WTO – World Trade Organization**
- 5. ISO - International Organization for Standardization**
- 6. SMC – Standards Management Committee**
- 7. NSS – National Standardization Strategy.**
- 8. MEMD : Ministry of Energy and Mineral Development**
- 9. PIBID/BIRDC - Presidential initiative for banana development**
- 10. MoWT - Ministry of Works and Transport**
- 11. CCP - Chemicals and Consumer Products**
- 12. ENG - Engineering and construction standards**
- 13. F & A - Food, agriculture and forestry standards**
- 14. M & S - Services & Business Management**
- 15. TC – Technical Committee**
- 16. UNBS/TC – Uganda National Bureau of Standards Technical Committee**
- 17. EASC/TC: East Africa Technical Committee**
- 18. PNWI – Preliminary New Work Item**
- 19. NWIP - New Work Item Proposal**
- 20. NWI - New Work Item approved by SMC**
- 21. WDUS - Working draft Uganda Standard**
- 22. CD - Committee draft**
- 23. DUS - Draft Uganda standard**
- 24. FDUS - Final draft Uganda standard**
- 25. US - Uganda Standard**

1.0 Introduction

- 1.1 The Uganda National Bureau of Standards (UNBS) is a statutory body under the Ministry of Trade, Industry and Cooperatives responsible for formulation and promotion of the use of standards, enforcing standards in protection of public health and safety and the environment against dangerous and sub-standard products, ensuring fairness in trade and precision in industry through reliable measurement systems and strengthening the economy of Uganda by assuring the quality of locally manufactured products to assure their access to markets, as well as enhance the competitiveness of exports in regional and international markets.
- 1.2 UNBS services are critical for supporting products from local industries and MSMEs to become competitive and access regional and international export markets in the delivery of national development priorities of MSME development, export promotion, import substitution and industrialization, Agro-industrialization, Manufacturing, Sustainable Energy development, security and Sustainable Petroleum development.
- 1.3 The work of developing Uganda Standards is undertaken by several Technical Committees (TCs), currently totaling to 87 TCs, engaged in national, regional and international standards development activities.
- 1.4 The approval of requests for standards development is done through the Standards Management Committee (SMC).
- 1.5 The process of developing Uganda Standards involves the following stages;
 - The proposal and acceptance of new work items;
 - Preparatory,
 - Committee,
 - Public Enquiry,
 - Approval,
 - Publication, and
 - Dissemination
- 1.6 UNBS is a member of the following organizations:
 - a member of International Organisation for Standardization (ISO);
 - a contact point for the WHO/FAO Codex Alimentarius Commission Food Standards, and
 - The WTO TBT National Enquiry Point

2.0 Standards development documents accessed inline

- i. A recent Uganda Standards catalogue can be accessed on the link below:

<https://unbs.go.ug/attachments/menus/27/Uganda%20Standards%20Catalogue%20as%20of%2031%20December%202023-FINAL.pdf>

- ii. Also to access is the Oil and gas standards catalogue December 2023

<https://unbs.go.ug/attachments/menus/27/OIL%20AND%20GAS%20STANDARDS%20CATALOGUE%20DECEMBER%202023.pdf>

- iii. Schedule of compulsory Uganda standards as of 31 December 2023-final

<https://unbs.go.ug/attachments/menus/27/SCHEDULE%20OF%20COMPULSORY%20UGANDA%20STANDARDS%20AS%20OF%2031%20DECEMBER%202023-FINAL.pdf>

- iv. Standards Development Work Programme Bulletin January - June 2024

<https://unbs.go.ug/attachments/menus/27/Standards%20Development%20Work%20Programme%20Bulletin%20January%20-%20June%202024.pdf>

This standards work program is comprised of New Work Items Proposals (NWIP) that have been approved by the SMC for standards development for the period July to December 2024.

UNBS hereby submits this work program for notification as a requirement UNDER PARAGRAPH J OF THE WTO TBT* CODE OF GOOD PRACTICE.

3.0 List of Tables

3.1 Table 1 - Stages of Standards development

	Stages of standards development	Stage code
1.	Preliminary New Work Item Proposal (PNWI)	0
2.	New Work Item Proposal (NWIP)	5
3.	Standards Management Committee (SMC)	5
4.	New Work Item (NWI)	10
5.	Working draft Uganda Standard (WDUS)	20
6.	Committee draft (CD)	30
7.	Draft Uganda standard (DUS)	40
8.	Final draft Uganda standard (FDUS)	50
10.	Uganda Standard (US)	60

3.2 Table 2 Standards Development Technical Committees:

CHEMICALS AND CONSUMER PRODUCTS STANDARDS DEVELOPMENT TECHNICAL COMMITTEES			
	Technical committee number	Technical committee Title	Scope
1.	UNBS/TC 300	Industrial and public health chemicals	Standardization in the field of the chemical industry in general, particularly the basic chemical products that are widely used in different industries.
2.	UNBS/TC 301	Chemistry	Standardization in the area of chemical products covering specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test. Excluded: Products falling within the scope of any other UNBS technical committee (e.g. UNBS / TC 505, UNBS / TC 306, UNBS / TC 308 and UNBS / TC 310) unless specifically requested
3.	UNBS/TC 302	Paints, varnishes and related products	Standardization in the field of paints, varnishes and related products including specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test, for paints, varnishes and related products.
4.	UNBS/TC 303	Plastics and Related Products	Standardization in the field of plastics and related products including specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test, for plastics and polymer products.
5.	UNBS/TC 304	Environment	Standardization in the field of air quality, water quality and soil quality including establishment of limit values for air pollutants, limits of acceptability for water quality, and effluents to water and soil. Excluded: limits of acceptability for drinking water quality and Fertilizers and soil inputs
6.	UNBS/TC 305	Leather and leather products	Standardization in the areas of raw hides and skins, pickled pelts; tanned hides and skins and finished leather and leather products including specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test.
7.	UNBS/TC 306	Paper and paper products	Standardization in the field of paper, board and pulps and cellulosic nanomaterials (CNM), including terminology, sampling procedures, test methods, product and quality specifications.

8.	UNBS/TC 307	Medical devices and equipment	Standardization in the field of medical devices and equipment including specifications, performance, codes of practice, methods of test, sampling, guidelines, biological evaluation, terminology and definition of medical devices and equipment.
9.	UNBS/TC 308	Personal protective gear	Standardization in the field of personal protective gear including specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test.
10.	UNBS/TC 309	Surface-active agents	Standardization in the field of surface-active agents such as soaps, detergents, emoluments and cleansers and mixtures containing one or more surface-active agents with or without other conventional components of soap and detergent formulations.
11.	UNBS/TC 310	Cosmetics and related products	Standardization of cosmetics and related products. The standards may include specifications, guidelines, codes of practice, performance requirements, methods of sampling and testing, terminology and definitions for cosmetics and related products with respect to material and product quality and safety.
12.	UNBS/TC 311	Crafts and related products	Standardization in the field of art and crafts involving the creation of impressions from natural or artificial materials such as wood, glass, paper, plastics, rubber or clay, or any other material including cultural and modern arts and crafts and related products covering materials, specifications, dimensions, safety requirements, terminology and test methods.
13.	UNBS/TC 312	Minerals	Standardization in the field of minerals and mineral concentrates including specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test.
14.	UNBS/TC 313	Petroleum and Petrochemical Products	Standardization of petroleum products, lubricants and petrochemicals including specifications, guidelines, codes of practice, performance, terminologies and definitions, methods of sampling and test.
15.	UNBS/TC 314	Petroleum Drilling, Development and Production Materials and Equipment	Standardization in the field of drilling, development and production equipment structures and materials including offshore structures, Central Processing Facility (CPF) and measurement equipment.

16.	UNBS/TC 315	Textiles and related products	Standardization in the field of fibres, yarns, cloth and other fabricated textile products and accessories including terminology, sampling procedures, test methods and specifications for textile products with respect to safety, health, environmental protection, material and product safety and quality.
17.	UNBS/TC 316	Footwear	Standardization of test methods, terminology and performance requirements for components for footwear; test methods and terminology for whole shoe. Excluded: Footwear as a protective gear.
18.	UNBS/TC 317	Petroleum refining and transportation materials, equipment and structures	Standardization of materials, equipment and structures used in the refining and transportation by pipeline of petroleum, petrochemical and natural gas
19.	UNBS/TC 318	Petroleum distribution	Standardization in the field of petroleum product distribution, storage and dispensing equipment and facilities.
20.	UNBS/TC 319	Toys	Standardization of toys relating to their mechanical, physical and chemical properties Excluded: electrical properties.

FOOD, AGRICULTURE AND FORESTRY STANDARDS DEVELOPMENT TECHNICAL COMMITTEES

1.	UNBS/TC 200	Milk and milk products and processes	Standardization of milk and milk products covering the dairy chain from primary production to consumption including terminology, specifications, guidelines, codes of practice, requirements for packaging, storage and transportation, methods of sampling and test.
2.	UNBS/TC 201	Food packaging and handling and materials in contact with food	Standardization of packaging and handling of foods including standards on migration from plastics, metal release, paper and board in contact with foodstuffs, reuse, recycling and disposal of materials related to food packaging.
3.	UNBS/TC 202	Oilseeds, oils, fats and related products and processes	Standardization of oleaginous seeds and fruits, oilseed residues, edible fats and oils of animal, vegetable and marine origin including olive oil and blends of fats and oils and emulsions but not products originating from milk and milk products.
4.	UNBS/TC 203	Cereals, pulses and related products and processes	Standardization of cereals, pulses, legumes and their processed products including terminology, specifications, codes of practice, requirements for packaging, storage and transportation, methods of sampling and test.

5.	UNBS/TC 204	Fruits, vegetables, tubers and processed products	Standardization of fruits, vegetables, tubers and processed products including nuts, in particular terminology, specifications, codes of practice, requirements for packaging, storage, transportation, methods of sampling and test.
6.	UNBS/TC 205	Spices, culinary herbs and condiments	Standardization of spices, culinary herbs and condiments, in particular terminology, specifications, codes of practice, requirements for packaging, storage and transportation, methods of sampling and test
7.	UNBS/TC 206	Nutrition and special dietary foods	Standardization of nutritional standards for all foods including foods for special dietary uses, in particular terminology, specifications, codes of practice, guidelines, requirements for packaging, storage and transportation, methods of sampling and test.
8.	UNBS/TC 207	Food additives and contaminants	Standardization of maximum or guideline levels for individual food additives, for contaminants (including environmental contaminants) and for naturally occurring toxicants in food and feed, in particular specifications of identity and purity for food additives, labelling of food additives, codes of practice, guidelines, methods of sampling and test.
9.	UNBS/TC 208	Food labelling and hygiene	Standardization in the field of food labelling applicable to all foods and food hygiene and safety management systems, covering the food supply chain from primary production to consumption, human and animal foodstuffs as well as animal and vegetable propagation materials.
10.	UNBS/TC 209	Seeds and planting Materials	Standardization of seeds and propagation materials, in particular terminology, specifications, purity, codes of practice, guidelines, methods of sampling, and test.
11.	UNBS/TC 210	Animal feeds and feeding Stuffs	Standardization of animal feeds and feeding stuffs including terminology, specifications of raw material & finished product, guidelines and requirements for packaging, storage and transportation, methods of sampling and test.
12.	UNBS/TC 211	Fish and fishery products	Standardization of fresh fish including shellfish and fresh, frozen (including quick-frozen) or otherwise processed fish products, in particular terminology, codes of practices, specifications, requirements for packaging, storage and transportation, methods of sampling and test.
13.	UNBS/TC 212	Sugars, edible	Standardization of sugar, starch and related confectionery

		starches and related confectionery products	products including terminology, specifications, codes of practice, materials, methods of sampling and test.
14.	UNBS/TC 213	Live animals, meat and meat products	Standardization of live animals, meat and meat products, including game and related products and meat co- products, in particular terminology, specifications, guidelines, codes of practice, requirements for packaging, storage and transportation, methods of sampling and test.
15.	UNBS/TC 214	Poultry and poultry products	Standardization of poultry and poultry products and processed poultry meat products, in particular terminology, codes of practices, specifications, requirements for packaging, storage and transportation and methods of sampling and test.
16.	UNBS/TC 215	Tobacco and related products	Standardization of production, postharvest handling, storage and transport of tobacco, in particular terminology, guidelines, codes of practice, specification, methods of sampling and test.
17.	UNBS/TC 216	Apiculture and apiculture Products	Standardization of apiculture and apiculture products, in particular terminology, codes of practice, guidelines, specifications, requirements for packaging, storage and transportation and methods of sampling and test.
18.	UNBS/TC 217	Organic agriculture	Standardization of organic farming, inputs used in organic production and organic products, in particular terminology, codes of practice, guidelines, labelling, specifications and methods of sampling and test.
19.	UNBS/TC 218	Drinking water and soft drinks	Standardization of drinking water and soft drinks (beverages), in particular terminology, specifications, codes of practice, requirements for packaging, storage and transportation, methods of sampling and test.
20.	UNBS/TC 219	Alcoholic beverages	Standardization of alcoholic beverages of various kinds, in particular terminology, specifications, codes of practice, requirements for packaging, storage and transportation, methods of sampling and test.
21.	UNBS/TC 220	Coffee, tea, cocoa and related products	Standardization of tea, coffee, cocoa and their processed products, in particular terminology, specifications, codes of practice, requirements for packaging, storage and transportation, verification criteria for determination of the sustainability and traceability, methods of sampling and test.
22.	UNBS/TC 221	Agriculture, forestry and biotechnology	Standardization for production, processing, distribution and marketing of crops and animals and other agricultural

			products such as ornamentals, fibres and pets as well as non-timber forest products and agricultural biotechnology.
23.	UNBS/TC 222	Agrochemicals and Veterinary Drugs	Standardization of common names for pesticides and other agrochemicals including fertilizers and soil conditioners as well as maximum or guideline levels for individual pesticide and veterinary drugs residues in food and feed, in particular terminology, codes of practice, guidelines, specifications, methods of sampling and test.

ENGINEERING AND CONSTRUCTION STANDARDS DEVELOPMENT TECHNICAL COMMITTEES

1.	UNBS/TC 100	Building and Construction	Standardization in the field of buildings and civil engineering works, including: General terminology
2.	UNBS/TC 101	Structural designs	Standardization of the bases for design of structures irrespective of the material of construction including especially terminology and symbols, load, forces and other actions and limitations of deformations
3.	UNBS/TC 102	Geo-technics	Standardization of geotechnical aspects in the field of building and civil engineering, including (related) properties of soil and rock
4.	UNBS/TC 103	Transport safety	Standardization in the field of road, air, railway, water transport safety and management needs.
5.	UNBS/TC 104	Railways	Standardization of all products and services specifically related to the rail industry, including construction, operation and maintenance of parts and equipment, methods and technology, interfaces between infrastructure, vehicles, and rail specific environmental aspects, excluding Electrotechnical and electronic products and services for railways
6.	UNBS/TC 105	Water and Sanitation	Standardization of design and construction of water supply and wastewater systems, or maintenance techniques; and standardization of water for construction and agriculture
7.	UNBS/TC 106	Cement, Concrete products and tiles	Standardization in the field of all types of cement and related products like gypsum, lime, etc Standardization of the technology of concrete, of the design and construction of concrete, reinforced concrete and pre-stressed concrete structures, plastic paving units, and tiles used for floor coverings and wall facings so as to ensure progressive development both in quality and in price reduction; and of definitions and terms, as well as testing procedures, to

			facilitate international exchange of research work
8.	UNBS/TC 107	Mechanical Engineering	Standardization in the field of mechanical engineering covering boilers and pressure vessels; refrigeration and air-conditioning, mechanical and thermal energy systems (excluding solar energy), material handling systems and equipment, construction plant and machinery; pumps and hand pumps; compressors and blowers, gas cylinders, mechanical security equipment and devices, mining equipment; printing machinery, sewing machines, water well drilling, utensils, cutlery and domestic hardware; wire ropes and wire products, gaskets and packing; methods and equipment for gasification, mechanical equipment for petroleum, petro-chemical industries.
9.	UNBS/TC 108	Steel and Aluminium	Standardization in the field of cast, wrought and cold-formed steel, including technical delivery conditions for steel tubes for pressure purposes and aluminium and its alloys.
10.	UNBS/TC 109	Pipes, fittings and valves	Standardization of pipes, fittings, valves and auxiliary equipment intended for the transport of fluids and made from all types of plastic materials, including all types of reinforced plastics. Metal pipes and fittings are also included. Metal tubes used in construction are excluded
11.	UNBS/TC 110	Firefighting and fire safety	Standardization in the field of fire protection and firefighting equipment including firefighting hose, portable fire pumps, fire hose reels, fire monitors, firefighting nozzles.
12.	UNBS/TC 111	Sanitary appliances and fittings	Standardization of glazed earthenware sanitary appliances, water closets, bath tubs vitreous sanitary appliances, non-ferrous waste fittings for wash basins and sinks, traps waste plug and accessories for wash basins, flushing cisterns, manhole covers for use in drainage works (except concrete), pillar taps, ball valves, copper and plastic floats for ball valves, caulking lead, ferrules, plug cocks, foot valves, surface boxes.
13.	UNBS/TC 112	Production and General Engineering	Standardization in the field of basic and production engineering such as engineering drawings, screw threads, fasteners, transmission devices, bearings, gears, horology, machine tools, hand tools, cutting tools, pneumatic tools and fluid power system including automation in manufacturing and robotics.

14.	UNBS/TC 113	Renewable energy	Standardization in the field of renewable energy including codes of practice for the performance, manufacture, installation and maintenance of the following renewable energy technologies; Hydro power, Geothermal, Wind power, Biomass, Solar power, Hydrogen and tidal.
15.	UNBS/TC 114	Light and lighting	Standardization in the field of application of lighting including all types of electric lamps, caps and their auxiliaries.
16.	UNBS/TC 115	Primary/secondary cells and batteries	Standardization of all primary and secondary cells and batteries, regarding their terminology, design, construction, performance, safety, test methods and application.
17.	UNBS/TC 116	Electrical appliances and accessories	Standardization in the field of electrical appliances, accessories and related systems covering performance, safety test methods and other required aspects for electrical appliances for household and other uses.
18.	UNBS/TC 117	Transport vessels and accessories	Standardization in the field of transport vessels, including motor vehicles, mopeds, cycles, trailers, ships, boats, cable cars, light trailers and trucks, aircraft and space crafts, freight containers, spare parts.
19.	UNBS/TC 118	Metrology	Standardization of quantities and units, metrological requirements of measuring equipment. It also includes standardization in the field of Microbeam analysis (measurement, parameters, methods and reference materials) where incident electrons/beams are used as detection signals
20.	UNBS/TC 119	Furniture	Standardization in the field of furniture including terms and definitions; performance, safety and dimensional requirements; requirements for specific components (such as hardware); test methods
21.	UNBS/TC 120	Energy Management	Standardization of energy efficiency and saving products, systems and practices including terms and definitions, performance, safety and operational requirements of energy production and consumption units
22.	UNBS/TC 123	Information and Communication Technology	Standardization in the field of Information security, cybersecurity and privacy protection, Interconnection of information technology equipment
23.	UNBS/TC 124	Telecommunications and information exchange	Standardization in the field of telecommunications dealing with the exchange of information between open systems, including system functions, procedures, parameters as well as the conditions for their use.

24.	UNBS/TC 125	Packaging and Packaging Products	Standardization in the field of packaging with regard to terminology and definitions, characteristics, performance requirements and tests, and utilization of related technologies on packaging.
25.	UNBS/TC 126	Timber and timber products	Standardization in the field of round, sawn and processed timber, and timber materials in and for use in all applications, including terminology, specifications and test methods.
26.	UNBS/TC 127	Conductors, cables, transformers, switch gear and control gear	Standardization of conductors and cables of all gauges and applications; power transformers, switchgear and control gear for transmission and distribution purposes; associated insulators, systems and assemblies.

SERVICES AND BUSINESS MANAGEMENT STANDARDS DEVELOPMENT TECHNICAL COMMITTEES

1.	UNBS/TC 400	Quality Management	Standardization in the field of quality management (generic quality management systems and supporting technologies), as well as quality management standardization in specific sectors at the request of the affected sector.
2.	UNBS/TC 401	Conformity Assessment	Standardization in the field of preparation of international guides and International Standards related to the practice of testing, inspection and certification of products, processes and services, and to the assessment of management systems, testing laboratories, inspection bodies, certification bodies, accreditation bodies and their operation and acceptance facilitating national, regional and global trade due to increased competitiveness of Ugandan goods and services.
3.	UNBS/TC 402	Environmental Management	Standardization in the field of environmental management systems and tools in support of sustainable development. Excluded: Test methods of pollutants, setting limit values and levels of environmental performance, and standardization of products.
4.	UNBS/TC 403	Tourism, leisure & hospitality	Standardization of the terminology and specifications of the services offered by tourism, leisure and hospitality service providers, including: related activities, touristic destinations, leisure and hospitality and the requirements of facilities and equipment used by them, to provide tourism buyers, providers and consumers with criteria for making informed decisions and/or review of standards in the

			area of tourism.
5.	UNBS/TC 404	Financial and insurance services	Standardization in the field of banking, securities, insurance and other financial services.
6.	UNBS/TC 405	Health services	Standardization in the field of health services and healthcare organization management including: classification, terminology, nomenclature, management practices and metrics that comprise the non-clinical operations in healthcare entities
7.	UNBS/TC 406	Education & Learning Services	Standardization in the field of education and learning services focused on: management, facilitators, assessments, terminologies, and ethical conduct
8.	UNBS/TC 407	Logistics and supply chain management	Standardization in the field of Chain of Custody (CoC), including terminology, principles, requirements for and control systems used by supply chain actors with regards to the management of products in terms of their specified characteristics
9.	UNBS/TC 408	Occupational health & safety	Standardization in the field of Occupational Health and Safety best practices, metrics and implementation designed to enable an organization control its OHS risks and improve its OHS performance.
10.	UNBS/TC 409	Consumer Policy Committee (COPOLCO)	Standardization in the area of consumer issues and concerns with a view to develop a national Consumer Policy.
11.	UNBS/TC 410	Business and innovation management 20	Standardization of tools and methods and interactions between relevant parties to enable Businesses and innovation.
12.	UNBS/TC 411	Halal Integrity	Standardization in the field of generic management systems, food and non-food (excluded: preparation of standards related to specific products and industry sectors) from Islamic perspectives.
13.	UNBS/TC 412	Applied Statistics	Standardization in the application of statistical methods, including generation, collection (planning and design), analysis, presentation and interpretation of data.
14.	UNBS/TC 413	Governance of Organizations	Standardization in the field of governance relating to aspects of direction, control and accountability of organizations.
15.	UNBS/TC 414	Risk, Security & Resilience	Standardization in the field of risk management, security and resilience to enhance the safety and resilience of society.
16.	UNBS/TC 415	Cosmetology &	Standardization in the field of cosmetology and wellness the

		Wellness	holistic treatment of skin, hair and nails and includes, but is not limited to, manicures, pedicures, application of artificial nails, special occasion hairstyling, shampooing hair, cosmetic application, body hair removal, chemical hair relaxers or straighteners, permanent waves, colouring and highlighting of hair and hair extensions or wig treatments and wellness which includes: physical, mental and social wellbeing.
17.	UNBS/TC 416	Health Informatics	Standardization in the field of health informatics, to facilitate capture, interchange and use of health-related data, information, and knowledge to support and enable all aspects of the health system.
18.	UNBS/TC 417	Urban planning and sustainable development	Standardization in the field of sustainability aspects, which includes the development of requirements, frameworks, guidance and supporting techniques and tools related to the achievement of sustainable development considering smartness and resilience, to help all Cities and Communities and their interested parties in both rural and urban areas become more sustainable.

4.0 Standards Development Work Program for Notification July to December 2024

4.1 Table 3: List of Standards under development

	Division	Proposer Names	Standard Number	Proposed Title	Edition	Ics Number	Stage	Reference Document	Council Approval Target Date
1.	CCP	Kenya Bureau of Standards (KEBS)	DUS WDEAS 1177-1: 2023	Yarn made from staple fibres — Cotton yarn specification	1	59.080.20	DUS	KS 1113-1:1993 Specification for spun yarns - Part 1: Cotton yarns, US 2260-1:2021, Textiles — Cotton yarn — Part 1: Weaving, US 2260-2:2021, Textiles — Cotton yarn — Part 2: Hosiery and TZS 347: 1988 - Textile – Grey cotton yarns – Specification	1st Dec 2024
2.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 1730:2023	Standard Test Method for Pour Point of Petroleum Products	2	75.08	DUS	ASTM D97-17b(2022)	1st Dec 2024
3.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 1731: 2023	Standard Test Method for Corrosiveness to Copper from Petroleum Products by Copper Strip Test	2	77.06	DUS	ASTM D130-19, Standard Test Method for Corrosiveness to Copper from Petroleum Products by Copper Strip Test	1st Dec 2024

4.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 4373: 2023	Standard Test Method for Kinematic Viscosity of Transparent and Opaque Liquids (and Calculation of Dynamic Viscosity)	2	75.08	DUS	ASTM D445-21, Standard Test Method for Kinematic Viscosity of Transparent and Opaque Liquids (and Calculation of Dynamic Viscosity)	1st Dec 2024
5.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 2058:2023	Standard Test Method for Sulfur in Petroleum Products by Wavelength Dispersive X-Ray Fluorescence Spectrometry	2	75.08	DUS	ASTM D2622-21, Standard Test Method for Sulfur in Petroleum Products by Wavelength Dispersive X-Ray Fluorescence Spectrometry	1st Dec 2024
6.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 2694: 2023	Standard Test Method for Base Number of Petroleum Products by Potentiometric Perchloric Acid Titration	2	75.08	DUS	ASTM D2896-21, Standard Test Method for Base Number of Petroleum Products by Potentiometric Perchloric Acid Titration	1st Dec 2024
7.	CCP	EASC/TC 068, Petroleum and	DUS 1732:2023	Standard Practice for Manual	2	75.08	DUS	ASTM D4057-22 Standard Practice for Manual Sampling of	1st Dec 2024

		Petroleum products		Sampling of Petroleum and Petroleum Products				Petroleum and Petroleum Products	
8.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 1733:2023	Standard Practice for Automatic Sampling of Petroleum and Petroleum Products	2	75.08	DUS	ASTM D4177-22, Standard Practice for Automatic Sampling of Petroleum and Petroleum Products	1st Dec 2024
9.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 2409:2023	Standard test method for iron in trace quantities using the 1,10 phenanthroline method	2	71.040.40	DUS	ASTM E394 Standard test method for iron in trace quantities using the 1,10 phenanthroline method	1st Dec 2024
10.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 2693:2023	Standard Test Method for Analysis of Barium, Calcium, Magnesium, and Zinc in Unused Lubricating Oils by Atomic Absorption Spectrometry	1	71.040.50	DUS	ASTM D4628-16, Standard Test Method for Analysis of Barium, Calcium, Magnesium, and Zinc in Unused Lubricating Oils by Atomic Absorption Spectrometry	1st Dec 2024

11.	CCP	EASC/TC 068, Petroleum and Petroleum products	DUS 2411:2023	Standard Test Methods for Chloride Ion In Water	1	13.060.50	DUS	ASTM D512	1st Dec 2024
